14th March 2023

COLLEGE LIBRARY

REMOTE ACCESS TO NML-ERMED E-JOURNALS

As you all know that our college has been a member of ERMED consortium since 2014 and through ERMED membership our college is getting complimentary access to 235+ e-journals from five publishers' viz. British Medical Journal (BMJ), Cambridge University Press (CUP), Lippincott Williams & Wilkins (LWW), Oxford University Press (OUP) and Wiley through a single gateway: www.erned.in

One of the advantages of ERMED consortium is that it not only provides access to current issues of Journals from leading publishers, but also facilitates its users with the archival access. Access to all the e-journals is already configured on the static IPs of our institution can be accessed from any computer system connected to the Institution/Hospital network further it can also be accessed remotely via UCMS eLibrary <https://ucms.refread.com/#/home>

Please note that the continuation of ERMED Consortium membership of our college in future depends upon the high usage (access/download of articles) of e-journals by our college. Users may approach the library, if they need any kind of assistance in accessing/ downloading articles from the ERMED consortium.

For any queries please contact the undersigned.

Incharge, Library
