

PLAGIARISM CHECK SERVICE WITH ANTI-PLAGIARISM SOFTWARE  
“OURIGINAL (URKUND)” FOR ALL FACULTY/STUDENTS-Reg.

This is to inform all that the UCMS College Library is providing facility of plagiarism check with the help of anti-plagiarism software known as “OURIGINAL”. Ouriginal by Turnitin is an software that helps detect and prevent plagiarism regardless of language. It offers a fully-automated system for handling plagiarism. Its’ system checks all documents against three central source areas: The Internet, Published material (such as books, journals etc.) and previously submitted student material (e.g. memoranda, case studies and examination works). If any document displays similarities with the content in the three sources, the system will flag it for possible plagiarism. An analysis overview is generated and sent by e-mail to the teacher concerned. The analysis overview presents in a simplified form the information needed by the teacher in order to determine if plagiarism has occurred.

To get the document/paper/assignment/Theses/Dissertation checked, please email with an attached file to [library@ucms.ac.in](mailto:library@ucms.ac.in) Report once generated will be mailed back to the concerned teacher. Only emails from respective faculty members will be acceptable.

For any queries/assistance please contact the Incharge, library.
